### **RULE 1: CODES OF BEHAVIOUR**

The following codes of behavior apply to players, coaches, officials, and spectators.

- (b) The authority and decisions of the umpire must be respected. If any person directs abuse, intimidating language, or tactics to any umpire they will be reported, and further disciplinary action may occur.
- (c) The coach of each team must insist that their players always behave in a sportsmanlike manner, especially towards members of the opposing team. The use of intemperate or unseemly language by players or coaches is absolutely forbidden.
- (d) Club representatives of each team, including coaches and managers, are required to draw the attention of their spectators or their own players to the above conditions regarding behavior if these conditions are being disregarded.
- (e) Scorers are match officials and are to comply with the location and conduct rules prescribed in these rules and by the ACT Scorers' Association. Scorers must sit together, preferably behind the play at home plate, but away from spectators. Scorers are to be fully conversant with the Local Rules with particular regard to pitch counts and eligibility. Players are not to approach scorers unless so directed by coaches, managers, or umpires.
- (f) Persons occupying bench areas or coach's boxes are deemed to be team/club officials.
- (g) Players, coaches, officials and/or spectators may be reported for misconduct.
- (h) Players, managers, and coaches are not permitted to consume alcoholic beverages, smoke or chew tobacco on the playing field, benches or dugout. ### **SECTION 3 - PLAYER ELIGIBILITY & REGISTRATION**

#### **RULE 7: ELIGIBILITY**

- (a) A player is eligible to take part in any match in the respective age groupings provided they are within the ACTBA age matrix for the season of the competition. The age matrix is as posted on the Baseball Canberra website.
- (b) Points / fines (\$50.00 per incident) and loss of match (including finals) penalties will be applied to the playing of over age players without approved dispensation, defaulters and to the playing of ineligible players. A defaulter is classed as a person who is unfinancial to Baseball Canberra, a club or, any senior or junior representative squad or Academy program. A club may also be classed as a defaulter to Baseball Canberra. If a club plays a defaulter, it will be classed as a forfeit by the offending club or team. Any player who is not registered on the Baseball Canberra data base prior to the start of the season, shall be ineligible to play until confirmed on the data base.
- (c) Players wishing to transfer from another club within Baseball Canberra must receive clearance by Baseball Canberra prior to participating in any games. Clearance is required in respect of all local players. Clearance can be done electronically via email, the clearance request must be sent to the president of the former club and copied to Baseball Canberra a minimum of 1 week prior to the player participating in any Baseball Canberra league game. If the clearance request is rejected, the player seeking clearance will not be permitted to play until the dispute is resolved.

- (d) Where a team cannot field nine (9) players during the regular season, they may borrow players from another team in a younger age group or a lower division. This can be either within its club or, if players and coaches agree, from an opposing team. A minimum of seven (7) players must be available to take the field; otherwise that team will be required to forfeit.
- (e) For player eligibility during the finals see Section 8- Particular Rules Applicable to Final Series.

#### **RULE 8: REGISTRATION / CLEARANCE**

- (a) All players must be registered with Baseball Canberra and recorded on the database prior to the start of the season. Any player who joins thereafter must be entered on the data base prior to playing. Playing a player not registered on the database in the prescribed time period will result in forfeiture of the game.
- (b) All transfers within the ACT, during the season, must be cleared (in accordance with Rule 7 [b]) by the previous club. There is to be no transfer of any junior player/s to another club within the ACT after the 31st December. Any games played with the previous club are to be transferred to the new club, for final series eligibility. Playing an un-cleared player will result in the forfeit of the game.

#### **RULE 9: PLAYER DISPENSATION**

Baseball Canberra may give dispensation to over age players so that they may play in a younger age competition, upon written request by the Club, endorsed by the Club's President. Such authorisation may be granted to players whose physical skills or abilities render them unsafe to compete in their relevant age division or to Clubs in exceptional circumstances (to be decided on a case-by-case basis). If there is no authorisation see Rule 7 [b] for penalties.

Any player granted dispensation to play in a younger age group, will be bound by the pitching and catching restrictions of that lower age group.

Any applications to have a younger player play in a higher age group, based only on advanced skill level, must be in writing to Baseball Canberra.

### **SECTION 4 - UNIFORMS, EQUIPMENT & PROTECTION**

**Point 1:** As this section deals mainly with safety requirements, the coach or an official of the club that fails to adhere to direction or fails to ensure that their team, or anyone associated with that team for that day, is non-compliant with this section, will be placed on report. Further disciplinary action may be forthcoming from Baseball Canberra, this includes suspension, fines of not less than fifty dollars (\$50) or both. This action may be applied against an individual or team.

**Point 2:** Clubs are reminded to ensure adequate sun protection is provided for players and officials

#### **RULE 10: HEAD INJURY**

If any player suffers a loss of consciousness, it is a requirement by Baseball Canberra that the player does not play for sixteen (16) days unless a physician certifies otherwise. If the prognosis by a qualified physician has deemed a longer absence, then that must be adhered to. Any such injury is to be reported to Baseball Canberra within 48 hours. The player will be granted those games missed, for eligibility purposes, on production of a medical certificate to the Baseball Canberra office, as soon as possible after the incident.

#### **RULE 11: PLAYER DISABILITY**

  - [iii] If on the field a courtesy fielder may be used while treatment is applied.
- (b) Players who are unable to return into the game shall be replaced. The following shall apply:
  - [i] No ejected player may be used as a replacement player.

## **SECTION 5 - GAME PRELIMINARIES**

## **RULE 19: MANAGING AND COACHING**

- (a) One manager or coach may be used in each coach's box at first and third base during their offensive inning. In keeping with the image of the game, full uniforms are desirable. Player base coaches must wear double-eared helmets.
- (b) In T-ball and Little League (Machine Pitch) - one manager or coach of the offensive team is also permitted to be on the field.
- (c) Players, managers, and coaches must remain on the benches or in their prescribed area during the game.
- (d) If a manager or coach goes onto the playing field (crosses the baseline) more than once during their defensive half of an inning while the same player is pitching, such manager or coach must make a pitching change. This rule is to be enforced by the umpire, but in no way be used to counteract the provisions of Rule 32 (Wasting of Time). A manager or coach may, at any time without penalty, go onto the ground for the sole purpose of giving aid to a sick or injured player.
- (e) Coaches or managers are to check footwear (refer Rule 18) and check that all male players are wearing sporting protectors (refer Rule 13).
- (f) All junior coaches are to hold, or have applied for, Working with Vulnerable People accreditation, must hold the on-line Australian Sports Commission - Community Coaching, General Principles and Child Safety accreditation and must have a current or be working towards a Baseball Australia USA Coaching Level A Certificate if coaching T-Ball, Little League Minor or Little League Major, or Level B is coaching Junior League or Senior League.

## **RULE 20: UMPIRES**

- (a) It is the responsibility of the home team to appoint accredited (Level O minimum) umpires to control pitch-ball matches, with two umpires each for Little League Major, Junior League and Senior League. In all pitch-ball age groups the chief umpire will work from behind home plate. If there are no umpires available, the coach of the home team is to umpire the game or forfeit. If the home team coach has to umpire, then their responsibility as coach is passed to another team/club official.
- (b) Baseball Canberra reserves the right to investigate reports on umpiring and take such actions as it deems necessary.
- (c) The umpire shall be deemed to be the official representative of Baseball Canberra for 30 minutes before the scheduled commencement of a game until 30 minutes after the completion of the game.
- (d) For final series games, the ACTBUA will be approached to umpire all finals. However, until informed otherwise the clubs involved shall provide between them, two accredited umpires. One of whom will call from behind the plate and the other will act as base umpire (the more experienced person to act as chief).
- (e) Non-compliant bats must be removed from the dugout/bench and not be permitted to be used in the game.

**PENALTY: Failure by a club to comply with any of the conditions concerning umpires may result in the offending clubs being fined and the loss of match points by the offending Club. A fine of ten dollars (\$10.00) for each offence under Rule 4 [a] and a twenty dollar fine (\$20.00) for each offence under Rule 4 [d] and the loss of match/match points by the offending club for either rule.**

**RULE 21: SCORERS**

Each Club shall supply one scorer for each match in which any team competes, and such scorer shall:

- (a) render assistance to the Umpire of the match by completing the Official Result Sheet and responding to requests for game information
- (b) sit together during their game in a neutral location with an unobstructed view of the play
- (c) be subject to appropriate qualification as Baseball Canberra may from time to time prescribe upon the recommendation of the ACT Baseball Association Scorer's Association.

**RULE 22: ADVERSE WEATHER/GROUND CONDITIONS**

In the event of wet weather, all clubs are to nominate a person responsible for reporting ground conditions of that day's scheduled competition games to their opposition. For any other information on ground closures, refer to the ACT Baseball Association Facebook page.

Where inclement weather or ground conditions prevent a game commencing, the umpire, in consultation with Club officials, may call off that and any subsequent game at that ground provided, that in their combined judgement, there is no possibility of subsequent games commencing that day.

In all cases, an ACTBUA official and/or Club President (or delegated officiator) has the 'final call' with regard to termination of play, not the respective coaches. (Duty of care to players).

In the event of a wash-out, in any grade, regular season games will not be rescheduled. Affected teams will not receive any points, and no score will be recorded.

**SECTION 6 - WHAT CONSTITUTES A GAME**

**RULE 23: REGULATION GAME**

It shall be deemed a regulation game when play is terminated due to adverse weather or ground conditions or other unforeseen circumstances after 3 complete innings or the halfway point of the prescribed game duration (including finals).

If the criteria for a regulation game cannot be completed due to weather, unsafe or an unsuitable playing arena or light during the minor rounds, the game will be deemed a 'no game' and a 0-0 score recorded.

**RULE 24: FORFEITED GAME**

Should either team have less than the required regulation team of seven (7) players in attendance at the scheduled starting time, the defaulting team may borrow players from another of their club's teams or the opposition team (with approval) in order to field nine (9) players. If after ten (10) minutes a team is still unable to field seven (7) players, the match will be forfeited to their opponents and a score of seven (7) runs to nil (0) will be recorded against them. Should both teams be at fault the umpire will declare a 'no game'.

**RULE 25: DURATION OF PLAY**

All games will be on a home and away basis. All home and away games will be timed game and, apart from mid-week games, will be played on a Saturday. Games will be a maximum number of innings or a timed game, whichever occurs first.

Age / Division	Duration of Games
T-ball	60 minutes
Little League Minor (machine pitch)	70 minutes Or five (5) innings, whichever comes first
Little League Minor (player pitch)	80 minutes Or five (5) innings, whichever comes first
Little League Major	120 minutes Or six (6) innings, whichever comes first
Junior League	120 minutes Or Seven (7) innings, whichever comes first
Senior League	120 minutes Or Seven(7) innings, whichever comes first

**Timed Games:** The teams shall not start a new inning with ten (10) minutes until time of game. The actual starting time is that as notified to the scorers by the umpire-in-chief. An inning in progress shall be completed only where necessary (i.e. where the home team is in front at the relevant maximum time limit, the game shall cease then, without the inning being completed).

A game will not continue past the maximum time limit once a result has been achieved. The umpire-in-chief shall be the timekeeper, or may appoint a timekeeper, and all times shall be taken from the umpire's or appointed timekeeper's watch.

For example: If a two-hour game is scheduled to commence at 1:00pm and, for whatever reason commences at 1:10pm, then the actual completion time is 3:00pm (10-minute rule) unless in the middle of an inning.

Change of Inning (This rule only applies to Little League Major, Junior League & Senior competitions): Both the offensive and defensive team must be ready to commence play within 60 seconds from the time that the third out was made in the previous inning. The Umpire in Chief is responsible for enforcement of this ruling.

**PENALTY: Offensive team not ready - After expiration of 1 minute the umpire shall request the batter take their position in the batter's box. If the batter does not take their position, the umpire will then call 'strike' every 20 seconds or, until the batter takes their place in the batter's box. Defensive team not ready - After 1 minute the umpire shall call "play". The umpire shall then call "Ball" every 20 seconds, or until the pitcher and catcher take their position.**

**NOTE:** The umpire in chief may allow more time, as considered reasonable, if the catcher is the 3<sup>rd</sup> out of the inning or is on base when the 3<sup>rd</sup> out was made. In such cases the defensive team must have another player or coach warm up the pitcher in preparation for the recommencement of play. Anyone warming up a pitcher must wear a facemask when in the squatting position, otherwise they must be in an upright ("standing") position.

## SECTION 7 - MATCH CONDUCT

### **RULE 26: THE HOME TEAM**

The home team sets up the diamond, occupies the 1st base side dugout (may differ at Club grounds), bats 2nd and provides accredited umpires. The umpire/s and both coaches will ensure that bases are pegged into position and that no tent or caravan type pegs are used. It is preferable that all bases should be pegged unless the age group/division warrants the use of Hollywood bases. The emphasis is on safety for the players.

### **RULE 27: PRE-MATCH DIAMOND WARM-UP**

Umpires should be in attendance at the diamond at least twenty-five (25) minutes prior to the scheduled start time to check the ground conditions.

When time permits, twenty-five (25) minutes before the scheduled starting time of a game the home team shall be entitled to a warm-up on the playing diamond, not to exceed ten (10) minutes.

Fifteen (15) minutes before the scheduled starting time of a game the visiting team shall be entitled to a warm-up on the playing diamond, not to exceed ten (10) minutes.

Five (5) minutes before the scheduled starting time of a game the playing field must be vacated. Both managers and coaches must meet with the umpire/s to submit lineups, determine ground rules, ground conditions, and sign off on the umpires check sheet. The home team is to provide 2 new and 2 used balls (4 total) to the umpire. The used balls must be in good condition and approved by the umpire. All obstacles, identified by the umpire, shall be notified to the Managers or Coaches prior to the commencement of the game.

Any moveable obstacle, for example broken glass, rubble or syringes\* (\*reportable to Baseball Canberra) are to be removed by an adult from any area, so as not to endanger the health of any player or official

## **RULE 28: MANDATORY PLAY**

Every rostered player present at the start of a game will participate in each game for a minimum of six (6) defensive outs and bat at least one (1) time. For the purposes of this rule, "six (6) defensive outs" is defined as: A player enters the field in one of the nine defensive positions when his/her team is on defense and occupies a defensive position while six outs are made; "bat at least one (1) time" is defined as: A player enters the batter's box with no count and completes that time at bat by being retired, retired as a batter-runner or runner, scores, reaches base safely, or, after reaching base safely, the inning or game ends. For the purposes of meeting the requirements of Mandatory Play, is when a player assumes the position of a batter with no count and one of the following occurs:

- (a) He/she is retired as a batter; or
- (b) He/she is retired as a batter-runner; or
- (c) He/she reaches base and scores; or
- (d) After he/she reaches base, the inning or game ends.

**PENALTY: A determined breach of Rule 28 during the Minor Rounds, for a first offence the player(s) involved shall start the next scheduled game, play any previous requirement not completed for Section (i), and the requirement for this game before being removed, second offence, the offending Coach will receive a one game suspension. During the finals series, the offending team will record a loss.)**

## **RULE 29: ONE-SIDED GAMES**

- (b) Ten (10) or more runs at the completion of the fifth (5<sup>th</sup>) inning (4.5 if home team is leading)
- (c) eight (8) or more runs at any time after the completion of the sixth (6<sup>th</sup>) inning (5.5 if home team is leading).

## **RULE 30: BATTING ROTATION**

Where a team is unable to field nine (9) players, its batting order shall consist of its total complement of players in rotation (ie. there will be no automatic outs).

## **RULE 31: RE-ENTRY RULE**

A starting player may only re-enter the line-up due to an injury to another player and will re-enter in the batting position of the injured player. If multiple players are on the bench, the opposing coach will elect which player re-enters the game. The re-entry rule does apply to finals games.

## **RULE 32: WASTING OF TIME**

- (a) It is contrary to the spirit of the game for teams to engage in the practice of wasting time, particularly in the closing minutes of a time-limited contest. Umpires are to take all necessary steps to prevent such malpractice, and persons in charge of teams are warned that Baseball Canberra will not tolerate such tactics. The umpire shall nullify any actions by a team which, in the opinion of any umpire, constitutes the wasting of time in order to gain an advantage or place its opponents at a disadvantage.
  - [i] The attention of managers, coaches and umpires is drawn to the Official Baseball Rules which allow for a game to be forfeited if a team employs tactics designed to delay or shorten the game. In every case where an umpire invokes the penalties set out in (a) and (b) of this rule, the umpire must make a report, naming the offending team, manager and coach, and e-mail the Baseball Canberra office within 48 hours of the completion of the game.
- (b) Baseball Canberra will investigate each such report and may take whatever action it considers appropriate in the circumstances including, but not limited to, a fine of fifty dollars (\$50.00), suspension and loss of match/match points.

- (c) A relief pitcher who is brought to the mound during an inning in progress will be permitted a maximum of eight [8] warm-up pitches.

**RULE 35: BALK RULE FOR JUNIOR LEAGUE AND OVER**

All balks will be called for all games in the Junior League age group and over.

**RULE 36: PITCHING/CATCHING RESTRICTIONS**

- (a) The pitch restrictions for a junior player competing in the Baseball Canberra Senior Competition can be found at Appendix 3 - of the Baseball Canberra Senior League Local Rules - Pitching/Catching restrictions. Those restrictions for pitching and catching will apply to all players who are under the age of 18 years of age at 31 December of the relevant Baseball Canberra senior competition and who are playing in the Baseball Canberra senior competition during that season. Pitching and catching limits for the junior competition are identical, and are set as per this Rule,

  - [ii] apply for the entire season, irrespective of whether the junior has a birthday during the season. **SECTION 8 - FINAL SERIES**

**RULE 42: PARTICULAR RULES APPLICABLE TO FINALS**

- (a) There will be no finals in T-ball or Little League (machine pitch).
- (b) The team ranked first in Little League Minor (player pitch), Little League Major, Junior League and Senior League age groups, based on the competition table, shall be declared the minor premier.
- (c) Teams to participate in the final series will be determined by Baseball Canberra at the completion of the league schedule, using the following formula, if required:

For all Grades. The teams will be ranked according to highest points percentage. The top ranked team in each grade will be determined to be the minor premiers.

<b>Points percentage calculation =</b>	<b>(win's x 2) + ( draws x 1) = Team Points</b>
	then
	<b>(Team Points) ÷ (Total games played x 3)</b>

- [i] If the teams are equal the head-to-head method between the teams tied will be used to gain a result.
  - [ii] If the teams are still equal, the best for and against (run differential) record for the affected teams will be used to gain a result.
  - [iii] If the teams are still equal, the best percentage of runs against divided by defensive innings [between the teams tied] will be ranked higher. Where a half inning has commenced it will count as a full half inning (i.e. whole number) regardless of how many outs are made.
  - [iv] If the teams are still equal, the best percentage of runs against divided by defensive outs will be applied against the top team in the competition.
  - [v] If the teams are still equal, the best percentage of runs against divided by defensive outs against the second-place team (and each subsequent team if still equal) will be applied.
  - [vi] If the teams are still equal, the highest percentage of (runs for divided by offensive outs)/(runs against divided by defensive outs) (between the teams tied) will be applied. If the teams are still equal the same formula is applied the first-place team, then the second-place team, etc. as in 4.
  - [vii] If this does not determine a result a play-off will be required.
- (d) If the score is tied at the completion of regulation time and/or innings, extra innings are to be played to obtain a result.
  - (e) For a player to be eligible to compete in the final series they shall have played at least 25% of the matches for a club, in that team, within the ACT in the current Junior competition. A player may play up and in more than one final series provided they have played at least 25% of the games at their proper age category.
  - (f) Baseball Canberra will supply baseballs for grand finals only.
  - (g) Baseball Canberra will arrange umpires using ACTBUA resources, where available.
  - (h) Baseball Canberra will provide an on-site independent tribunal at the finals to resolve disputes.
  - (i) Baseball Canberra may, if possible, reschedule washed out grand final games.
  - (j) In the event of multiple divisions with an age-group, players are eligible for the team in which they have played the majority of their games - assuming they have met the criteria to play for that club in the finals.
    - [i] In the event of equal games played between grades, the club can choose where the player can play.
    - [ii] Lower division players can play up, but higher division players cannot play down.

**RULE 43: TIE BREAKER WHERE EXTRA INNINGS (FINALS ONLY)**

Where extra innings are required and any “extra inning” is about to commence, the Team at bat shall commence the TOP of the inning with runners on first and second base. The batter who leads off an inning shall continue to be the batter who would have normally led off the inning. The runner on first shall be the batter, (or substitute batter), immediately preceding the batter who leads off the inning. The runner on second base shall be the batter, (or substitute batter), immediately preceding the runner on first base. Any runner or batter removed from the game for a substitute shall be ineligible to return to the game, as would be the case with any substituted player pursuant to the Official Baseball Rules.

For purposes of this Rule, any “extra inning” is defined as the sixth inning or later in a five-inning game, the seventh inning or later in a six inning game, the eighth inning or later in a seven inning game.

## Little League (Machine Pitch) Consolidated Rules – Appendix 5

**Age Group:** refer to Baseball Canberra Age Matrix

**Pitching Distance:** 43 feet or 13.1 meters

**Diamond Paths:** 60 feet or 18.28 meters

**Bat Regulations:** 2 5/8-inch barrel maximum with USA Baseball marking

**Home Run Fence:** 200 feet or 60.98 meters

**Ball Size:** 8.5 inches

**Bases:** Safety bases will be used. The Safety base is a double base. The 'white' inside half (i.e. the size of a normal base) belongs to the first baseman, and the outside 'yellow' half belongs to the base runner. The safety base is to be positioned with the white half in 'fair' territory and, the yellow half in 'foul' territory.

**Innings:** 5 innings or 80 minutes, whichever comes first.

**Game Time:** No new innings after 70 minutes with the time being the moment the third out of the previous innings occurs.

**Maximum Runs per Innings:** 4 runs

**Mercy Rule:** No mercy rule.

**Finals:** No premiership table will be contested.

### **Team Composition:**

**Fielding:** A maximum of nine (9) defensive players may take the field at any one time. No player may field in the same position in consecutive innings. The offensive (batting) line-up shall consist of all available players.

**Batting:** Each batting team shall bat until 3 outs have occurred, but at no time will they bat more than 9 hitters per innings. If there have not been 2 outs in the innings, when the 9th hitter comes up to bat, a 2 out situation will be in force meaning that no more runs may score once the out is made. If the out is not made, the batting team will retire when the batter runner scores, and the innings will end.

### **General Rules**

Games will be played as close to normal baseball rules as possible, including a walk being awarded after 4 balls and the batter is out after 3 strikes (**Until the completion of October**), after strike 3, the batter will be permitted **1 (only)** attempted swing by 'soft-toss', from the side, to put the ball in play. **From November onwards**, after 3 strikes the batter will be declared out).

A defensive player is to be positioned as the "pitcher-fielder" and is to be placed adjacent to (within 1 metre), and behind the position of the normal pitching plate.

### **Base running:**

- (a) Runners are not permitted to slide / dive into first base. Warning for first offence per team, second and subsequent offence per team the batter runner is to be called out.
- (b) Sliding into all other bases is permitted.
- (c) When any runner leaves the base before the batter has hit the ball, the pitch should be declared a no pitch and the runner is warned. Subsequent breaches by that team will result in the runner being declared out.
- (d) The infield fly rule does not apply.
- (e) The batting order will resume from where it left in the previous inning.
- (f) Once the ball is in play, normal rules apply. The ball continues to be in play until the pitcher has control of the ball. If any base runner has already left a base when the pitcher gains control of the ball they may continue to the next base.

Winning coaches are required to submit final scores on the Monday following each match to the Baseball Canberra office. Official scoring is not required at games but both clubs are advised to appoint a person to record scores and keep track of outs. Scores need to be submitted to ensure a competition table is recorded.

**Machine Rules:**

The pitching machine used shall be the Louisville Slugger Blue Flame Pitching machine - item no 040LS006. The front of the machine will be 42 feet from home plate and shall be securely fastened. The pitching machine should be placed directly in line with home plate and on the diagonal between first & third bases. The machine speed shall be set at the speed approved by Baseball Canberra. That is the machine is set so the handle holes down from top = 4, throwing arm holes from the non-hinged end = 3 pedal, holes from hinged end = 4. The batting teams coach may adjust the pitching angle to enable the batter to hit the ball, but not the approved speed.

**Pitch declared a Ball:** If the machine projects a pitch to a position outside the strike zone and the batter does not swing at it, it is to be called a Ball (as per normal Baseball Rules). If the machine continues to project outside of the strike zone, then the machine is to be adjusted immediately following the completion of the current 'at bat' (i.e. do not wait until the end of the innings)

**Hit by 'Machine' Pitched Ball:** In the event that a batter is hit by a machine pitched ball outside of the strike zone the ball will be called dead, and no play will occur. The batter will be allowed to advance to first base. (If the reason for the HPB is misalignment of the machine, the machine is to be realigned and adjusted immediately by the acting official. If the HPB is the result of the batter's inability to avoid the pitch, then the coach of the batter is to provide instruction to the batter to prevent a reoccurrence.)

**Machine Interference:** Where a batted ball hits the machine, or the machine interferes with a pitchers play on a batted ball, or, in the opinion of the umpire/acting official, an infield fly could lead to a fielder colliding with the pitching machine, the ball will be declared a dead ball.

(This is not to be confused with the 'dead ball' rule of baseball where a ball is thrown out of the recognised field of play. Where a fielded ball is thrown, and this hits the pitching machine the ball is to be played out).

## T-Ball Consolidated Rules – Appendix 6

**Age Group:** refer to Baseball Canberra Age Matrix

**Diamond Paths:** 50 feet or approximately 15 meters

**Home Run Fence:** 100 feet or 30 meters

**Ball Size:** 8.5 inch soft-core, injury prevention ball

**Bat Regulations:** 2 5/8-inch barrel with USA Baseball marking.

**Batting:** A 'foul strike' arc shall be made from foul line to foul line in front of home plate on a six (6) metres radius from the point of home plate.

**Bases:** Bases shall be any Youth League base except 1<sup>st</sup> base, which must be a Safety Base. A Safety Base is a double base that has a white inside half (belongs to the First Baseman/fielder) and a yellow or orange outside half (belongs to the runner). The Safety Base is to be positioned with the white half in the field of play, and the yellow/orange half in 'foul' territory.

**Team Composition:** Teams must have seven players to start a game. Up to 12 players may bat in the team's line up. A maximum of 9 defensive players may take the field.

**Innings:** A batting inning shall consist of 3 outs or a maximum of 9 batters, whichever comes first. When the 9<sup>th</sup> hitter come up to bat, a 2 out situation will occur, meaning that no runs may score after an out is made. If the out isn't made, the batting team will retire, and the inning will end when all runners have crossed home plate.

**Game Time:** 60 minutes.

**Maximum Runs per Innings:** No limit.

**Scoring:** Each team is required to have their own Scorer. Teams get one point per runner that crosses the plate during the offensive batting inning and one point per out in their defensive fielding inning. Scores will not be published on any Media.

**Finals:** No premiership table will be contested.

**Mandatory Play Rule:** All players on the team sheet should play at least 2 full innings, except in the case of injury or illness.

**Coaches On offence:** one coach may assist the batter at the tee; one may coach at first base and one at third base. Base coaches must stay in the vicinity of first and third base. Others must stay in the dugout with the players. Coaches may not physically assist a base runner. **Penalty:** Runner is returned to previous base, if possible.

**Coaches On defense:** one coach may assist players by standing in the shallow outfield; the rest must remain in the dugout.

**Catcher:** Players catch in full gear. A responsible ball retriever stands close by the catcher and retrieves the balls that are missed. Balls can be put in a bucket and returned to the coach/pitcher when required.

**Batter:** Batters face a limit of 4 pitches to try and get their hit in play, after the fourth attempt it is 'tee time' and the tee is brought out to home plate and the batter gets to hit the ball off the tee, batter and runners are only allowed to advance one base on a tee hit.

**Bunting:** Not permitted

**Base Running:** Runners run bases as though there is always 0 out. No stealing, no pass balls. Runners only advance on hits. Runners are not permitted to slide / dive into first base. Warning for first offence per team, second and subsequent offence per team the batter runner is to be called out. A base runner must be in contact with the base at the time the ball is hit by the batter (i.e. base stealing is not permitted). If not, dead ball is called, and the base runner must return to the previously occupied base.

Being organised is the key. Batters will enjoy more "at bats" and fielders more fielding time if each team's bench during their batting innings is organised and moving. Supervision on the bench, an allocated backup-catcher and tee manager is paramount to keep the game flowing and ultimately rewarding the players with more opportunities to touch the ball.

**Games will be played as close to normal baseball rules as possible, including 3 strikes (missed swings at the Tee) and the batter is out.**

The infield fly rule does not apply.

Time shall be called when, in the opinion of the umpire, all possible play has ceased, i.e. when an infielder has control of the ball in the infield and has called time. If a runner has passed the mid-way point between bases, they are permitted to continue to that base.

Winning coaches are required to submit final scores on the Match Report to the Baseball Canberra office. Official scoring is not required at games but both clubs are advised to appoint a person to record scores, ensure every player that took part is listed and keep track of outs. Scores are for statistical purposes only. No competition table applies.
